

Name _____

Section _____

History of Healthcare Foldable

You will need 7 Sheets of Paper (Colors of your choice)

Follow your teachers instructions for creating the foldable, you will need to have 14 information areas(1 title and 13 topic headings areas).

Once you have your foldable created and secured you will need to label the top flap **HISTORY OF HEALTHCARE.** The remaining flaps will be labeled as followed:

- Primitive Times
- Ancient Egyptians
- Ancient Chinese
- Ancient Greeks
- Ancient Romans
- Dark Ages
- Middle Ages
- Renaissance
- 16th Century
- 17th Century
- 18th Century
- 19th Century
- 20th Century

The info you will need to include in each of the areas is outlined on the back of this sheet of paper. Specific Dates are not as crucial as knowing which time period something took place. We will read a section as a class and then you will have time to work to input the information. You will receive completion points for this assignment. This Assignment is worth **25 POINTS**

This Assignment is DUE _____

History of Health Care

Input information for the below topics into your Foldable
